Angelina Serpes

Mumbai, India | 9833394120 | angelinaserpes@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Computer Engineering student with experience in AI-assisted development, secure software systems, and web prototyping. Skilled in Java, SQL, HTML/CSS, and AI productivity tools with hands-on experience building secure access systems and AI-powered web applications.

EDUCATION

Fr. Conceicao Rodrigues Institute of Technology (FCRIT), Navi Mumbai
B.Tech in Computer Engineering *(2025–2029)*

St. Xavier's College (Autonomous), Mumbai
Higher Secondary Certificate (Science), 2025

Holy Cross Convent High School, Mumbai
Secondary School Certificate, 2023

EXPERIENCE

AI Intern — *VH Consulting, Mumbai* | *Aug 2025 – Oct 2025*

- Worked on AI-driven workflows involving design automation, content generation, and rapid web prototyping.
- Built and refined an AI-powered online store using AI tools, Figma, and prompt-based iteration.
- Used prompt engineering with ChatGPT and Gemini to improve AI-generated content.
- Improved UI structure, navigation flow, and visual consistency for better usability and branding.
- **Portfolio:** https://aurevo-sigma.vercel.app/

Web Development Intern — InAmigos Foundation | Jul 2026

- Developed responsive websites using AI-assisted web development tools and modern design practices.
- Designed UI/UX wireframes and prototypes in Figma for web applications and NGO platforms.
- Implemented website layouts, feature proposals, and user interface improvements.
- Leveraged prompt engineering and AI development tools to streamline website creation and content generation.

PROJECTS

Secure Access & Threat Monitoring System | *Java, Swing, MySQL*

- Developed a secure access management system implementing role-based access control (RBAC).
- Designed a real-time threat monitoring system to detect failed logins and unauthorized access attempts.
- Implemented audit logging to track login activity, user actions, and permission violations.
- Improved system security through authentication checks and activity monitoring.

CERTIFICATIONS

- **Google AI Essentials** — Certificate
- **Google Prompting Essentials** — Certificate
- **IBM Data Science Professional Certificate** — Certificate

SKILLS

Languages: Java, JavaScript, C, SQL, HTML, CSS, PHP
Tools & Platforms: MySQL, GitHub, Figma, AutoCAD, ChatGPT, Gemini, NotebookLM, Loveable
Concepts: OOP, DBMS, Networking, Cybersecurity Fundamentals, RBAC
